2-PLAYER GAME

Lets you play against another person in either Exhibtion Season or Playoffs competition.

EXHIBITION PLAY

What a game! Not just baseball, I mean, but *ESPN's Baseball Tonight.*

Choose a club and go into your exhibition mode. These games are full-out but strictly *off* the record. So here's your chance to test your team's limits as well as the skills of your competition.

ESPN BASEBALL TONIGHT

PLAYOFFS COMPETITION: Talk about a great match-up! This, folks, is it!

In 1-PLAYER mode, you choose a team to take into the playoffs for either the National League or the American League pennant. If you win the pennant, the Sega Genesis System determines the outcome of the other league's playoffs. You will then go up against that team in the World Series.

ESPN Baseball Tonight gives you the option to choose between playing a 2 Division League or a 3 Division League. You are able to make your choice at the Game Play Options Screen by scrolling down to "3 Division League" and toggling the D Pad left or right to make your selection. Then press the Star Button to confirm your selection.

Note: For 1 or 2 player Exhibition Play, game play is unaffected.

PRACTICE MODE: Trim your sails, or somebody may do it for you! Before you race for the pennant, you may want to get some batting practice.

Press the C Button to toggle between pitching and batting practice. Press the Start button to exit the practice mode.

HOME RUN DERBY: Here's your chance to really rip the cover off the ball! You get fifteen pitches to show your stuff with your favorite team.

One or two players can go up against the pitching machine. Do well, and you just might be labeled a major leaguer! Here's the controls:

A Button - Swing the bat

B Button - Bunt

C Button - Try the Home Run Derby again

Start Button - Exit back to the options screen

LINE UP SCREEN

Let me tell ya, ladies and gentlemen: It all starts here, with the line-ups.

The Line Up Screen appears when you choose your team. The Line Up Screen shows a roster of all the members of your team, arranged by position. Along with each player's name, you see his stats and his position in the batting order. You can scroll to your Bench and Bullpen rosters by pressing the Control Pad LEFT or RIGHT.

To bypass the Line Up, Bullpen, and Bench screens, and begin play, press the Start Button.

BENCH

This screen displays your reserve players.

BULLPEN

This displays your pitching staff—relievers and starters.

IN THE GAME

On the Main Game Screen, here's where you can get important information on your current game:

1. RADAR MAP: Indicates the current location of runners on the bases, fielders and the ball. A Radar Gun flashes on after each pitch to indicate miles per hour.

2. GAME STATUS: This display appears automatically when a run is scored.

INNINGS: Displays current inning of the game.

TEAM STATUS: Displays the team names and shows the current total of runs, hits and errors of each team.

MAKING A PLAYER SUBSTITUTION

You can substitute players from either the Bullpen or the Bench during gameplay.

To make a substitution in your line up, use the Control Pad UP and DOWN to highlight the player you wish to replace. That player's number and stats will then appear at the bottom of the screen. Next, use the Control Pad RIGHT or LEFT to move to either the Bullpen or Bench screen and highlight the player you wish to place in your line up. This player, will appear at the bottom of the screen along with the player you wish to remove from the lineup. Press the B Button and their positions will be reversed.

ESPN BASEBALL TONIGHT

The playoffs bracket should appear as follows: Eight teams are represented; four from the National League and four from the American League. These four slots correspond to the East, West and Central Divisions as well as the Wild Card (the team from the remaining non-division champions that has the best record in the league).

Player #1's selected team will appear in top position of the upper bracket. The second slot in that branch will be filled by Player #2 (if any) or by the computer. The remaining slots in the brackets will be rounded out by teams from the appropriate divisions and leagues, including the wild card slots. The computer-selected teams can be changed by the player to any other team within that same league and division (a player may not, for example, replace a team from the National League Central with one from the National League East, unless that slot is filled by a wild card)

ESPN BASEBALL TONIGHT

The playoffs bracket should appear as follows: Four teams are represented. Two from the National League on the top half of the bracket and two from the American League on the bottom half of the bracket.

East plays West in both leagues — Player #1 vs. computer or Player #1 vs. Player #2. The computer determines the outcome of the other portion of the bracket, and the outcome of these two matches in a 7-game series (Player match and computer match) determines the pennant winners. These two teams then meet in a 7-game series (The World Series) to determine the world champion.
